DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF APPLICATION A-19149,  
PETITION FOR WAIVER OF OUTLET WORKS DWV-4838  
AND PLAN NUMBER 18703

WATER DIVISION 1-B

BACKGROUND

1. On July 14, 2004, the Department of Natural Resources (Department) issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
2. On February 13, 2013, Melvin R. Anderson filed petition VAR-3533 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area. The draft application and documentation attached to the petition is for a permit to impound approximately 42 acre-feet of water from School Creek in the existing Melvin Anderson Pond located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 29, Township 4 North, Range 19 West of the 6<sup>th</sup> P.M. in Harlan County for the purpose of erosion control and water for livestock.
3. On October 1, 2013, the Department granted petition VAR-3533 for leave to file an application for a permit to appropriate water.
4. On October 8, 2013, Melvin R. Anderson filed in the Department application A-19149 for a permit to impound water, application for approval of plans for dams, plan 18703 and petition for a waiver of the requirement for outlet works, DWV-4838; pursuant to the proposed application filed with VAR-3533.
5. Construction has been completed.

ORDER

IT IS HEREBY ORDERED Application A-19149, the Application for Approval of Plans for Dams, DWV-4838 and plan 18703 are APPROVED subject to the following limitations and conditions:

1. The source of water is School Creek.
2. The priority date is October 8, 2013.
3. The water to be stored under this appropriation is for the purpose of providing water for livestock, and erosion control.

4. The amount of water that may be diverted shall not exceed 41.7 acre-feet per year to be stored in Melvin Anderson Pond. The dam that impounds water in Melvin Anderson Pond is located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 29, Township 4 North, Range 19 West of the 6<sup>th</sup> P.M. in Harlan County.
5. *Neb. Rev. Stat. § 46-241(5)* states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock ... ."
6. The owner or possessor of the reservoir storing water pursuant to A-19149 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
7. A waiver of the requirement for outlet works, by petition DWV-4838, has been granted. This waiver does not relieve the owner from the responsibility to pass a portion of the reservoir inflow by some method for downstream appropriators should there be a need for water administration; or if water should be required for livestock needs, unless the appropriator is a political subdivision. The Department may rescind the waiver and require installation of appropriate outlet works at a later date if it is determined that the responsibility to pass inflows is not being met or cannot be met by another method.
8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
  - A. Notify the Department of any change in ownership or address.
  - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, the specifications, plan 18703, or the type of appropriation.
  - C. Construct, operate and maintain the structure in accordance with *Neb. Rev. Stat. § 46-241* and the *Safety of Dams and Reservoirs Act*, §§ 46-1601 to 46-1670.
  - D. Assume liability for all damages due to leakage, overflow or structural failure of the structure.
  - E. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.
