

Geographic Area Determined to Have Surface Water Hydrologically Connected to Ground Water for the Purpose of Fully Appropriated Designation

Determination made by the Department of Natural Resources on January 25, 2008

	Hydrologically Connected Surface and Ground Water
	Natural Resources District (NRD) Boundaries
	County Boundaries
	Township Boundaries

This map represents the geographic area within which it has been determined that surface water is hydrologically connected to ground water for the purpose of designating the surface water resources within the Niobrara River Basin between the Mirage Flats Diversion Dam and the Spencer Hydropower Plant as fully appropriated. Additional information regarding the designation can be found in the Order issued by the Department of Natural Resources issued on January 25, 2008.
