

Stays Placed on Surface Water Appropriations Due to the Determination that Surface Water is Fully Appropriated or Overappropriated

Restrictions Issued by the Department of Natural Resources as of July 1, 2008

This map represents the areas of Nebraska, as of July 1, 2008, where the Department of Natural Resources (DNR) has issued an Order establishing these restrictions on the issuance and/or modification of surface water appropriations. Contact DNR for detailed information regarding these stays and potential exceptions.
